Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. * * * It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach). It is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Hobart A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D. and Prof. John King, M. D., Authors of the American Dispensatory, and scores of others among the leading medical men of our land.

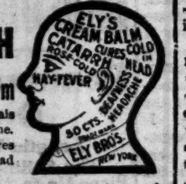
Who can doubt the curative virtues of a medicine the ingredients of which have such a *professional* endorsement?

Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c, in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local.
Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

DISORDER AT DOWIE'S FUNERAL.

The scene that preceded the funeral of John Alexander Dowie yesterday afternoon was marked by disorder and panic. The climax in the day's events was reached when hundreds at Shiloh House were thrown into confusion by a policeman's battle with pickpockets at the side of Dowie's white coffin.

This followed the arousing of the police department of Zion City by a report that ghouls had planned a raid on Dowie's vault in Lake Mount Cemetery to decapitate the corpse and steal the brains of Zion's founder. To add to the confusion, the funeral services were temporarily held up, and the arrest of Gladstone Dowie was threatened because no burial permit had been secured of the cemetery management.

At 11 o'clock a special train carrying thirty Zionists of Chicago reached Zion. Chicago pickpockets mingled with the throngs and worked their way toward Shiloh House. Half a dozen Chicago detectives came into Zion with the train. While the crowd was thickest in the reception room where Dowie lay in state the pickpockets became restless. A woman in the line passing the white coffin seized a man's hand which he had thrust into her pocket.

"Thieves!" she shouted. In a moment the crowd was in an uproar. The chief resisted arrest when a policeman seized him, and in the fight that followed several men, believed to have been the crook's companions, interfered and rescued the prisoner. The men rushed from the house, jostling several Zion guards from their path, and made their escape toward the railroad tracks.

The private service for the family and the Dowie followers was held at Shiloh House at 1:30 o'clock. The exercises were simple. About 200 were present at this service, in addition to Gladstone Dowie and Mrs. Dowie.

The body was then taken to the Tabernacle, where a large part of the assemblage had long been seated. It was necessary for the aids to clear the space leading to the doors before the casket could be taken it.

The processional then formed, with the vested choir of several hundred leading the march to the platform.

The music and ritual reading was carried out as planned, Judge Barnes delivering the funeral address.

Four White Horses for Bailey.

"I make a motion that a committee be appointed to arrange for a carriage to be drawn by four white horses to carry Hon. J. W. Bailey in the parade of next Monday night. Do I hear a second?" was the motion put by Chief of Police Maddox, of Fort Worth, before the general entertainment committee of the Mystic Knights of Bovinia at Dallas, Texas, yesterday. Before he had the last words finished in his motion, practically every member present jumped to his feet and said "I second the motion." The Chair rapped for order and put the question without discussion. The vote was unanimous that the honor should be accorded the junior United States Senator from Texas.

This parade of the Mystic Knights of Bovinia is to be the most elaborate incident of the festivities of the Fat Stock Show and the annual meeting of the Texas cattlemen, which are to open in Fort Worth next Monday.

Negroes Revolt.

An open revolt of the negro element against present leaders of the republican party in Mississippi was declared in Jackson yesterday afternoon when a mass meeting of prominent negroes assembled at the American Theater, with a view of wresting control of the party from the hands of the men in whom it has been vested during the Roosevelt administration. Before adjournment the mass meeting adopted resolutions applauding United States Senator J. B. Foraker and indorsing him as the party's candidate for the presidency. The revolt is led by the most prominent negroes of the State, and it is predicted that the Mississippi delegates to the republican national convention will be anti-Roosevelt.

Roscoe Simmons, a negro politician, of New York, and agent for the Foraker boom, is attending the meeting and looking after the interests of the Senator. It is said that Simmons is to visit every southern State and stir up the negroes against Roosevelt.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

Drink the old-original Arbuckles' ARIOSA Coffee, the blend of Brazilian coffees, most wholesome and stimulating, as well as most economical. Anything dearer than Arbuckles' ARIOSA is extravagant, and no one can sell as good coffee for the same price. People who drink Arbuckles' ARIOSA Coffee are not dyspeptics with fashionable nerves who take vacations in Sanitariums, on featherweight rations, but the healthy vigorous manhood and womanhood that constitute the useful majority. The first roasted packaged coffee; sales of Arbuckles' ARIOSA Coffee for 37 years, exceed the combined sales of all the other packaged coffees.

Decapitated by Robbers

An estate in the vicinity of Yelisavetgrad, Russia, was attacked by robbers Wednesday, who bound and decapitated the proprietor, five laborers and a woman. Two witnesses of the slaughter—a soldier, who hid in a haystack, and a child—lost their reason. The soldier subsequently died in a hospital in delirium. The booty secured by the robbers amounted to $1,000.

On the occasion of the funeral Wednesday of a prominent reactionary, who was killed by revolutionists, an attempt was made to start anti-Jewish excesses. Rioters began beating Jews in the streets and sacking the church bazar and Jewish lodgings, but they were stopped by the prompt intervention of the troops. Several Jews were wounded, one of whom died in the hospital. The local rabbis have telegraphed complaints to the lower house of Parliament and to Premier Stolypin.

Two paymasters from the arsenal were attacked in the principal street in Briansk, Russia, at noon yesterday by a party of robbers, who opened fire on them with revolvers, seized their money bag containing $6,000, and decamped.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer For their benefit we prepare Ely's Liquid Cream Balm. Except that it is liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists. 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street New York.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

FRIDAY EVENING, MAR. 15, 1907.

REV. DR. ANSON P. ATTERBURY, President of the Federation of Churches, and pastor of the Park Presbyterian Church in New York, says:

Unless immediate steps be taken to stop the religious decline which is spreading in New York, the city will become a nest of infidels; the belief in God will be forgotten and our great metropolis will become a city of no religion. The love for the material things of the world has usurped the place formerly held by the love of God. We are tottering on the verge of a terrible religious disruption. Nothing can save the city from sinking into the depths of unbelief but immediate efforts by the people and the churches to revive religious interest. A great crisis is at hand.

Dr. Atterbury recently went to Washington to solicit the aid of President Roosevelt in checking the wave of infidelity, but just how the executive can retard the growth of agnosticism is hard to understand. The big stick may be wielded to advantage in some cases, but Mr. Roosevelt would doubtless find himself fighting the air were he to attempt to inculcate faith among the masses in New York or any other large city.

THE SITUATION in Wall street is still acute, the bottom having almost been knocked out of the stock market during the past few days. Secretary Cortelyou yesterday ordered the deposit of customs receipts in banks, the redemption of $25,000,000 bonds and took other steps for the relief of the money market. The news of Secretary Cortelyou's action reached New York too late yesterday to help improve the situation, and stocks were thrown over regardless of value, causing one of the wildest days ever experienced on Wall street. A further tremendous decline in values followed the slump of the past few days and the maddest frenzy to sell was developed in the closing hour. Financers were at a loss to find good reasons for the depression. Today's dispatches show an improvement in conditions on Wall street, but confidence was shaken in American securities in London, which suffered serious losses today.

THE DISTRESSING conditions now existing at Pittsburg and other neighboring places as the result of the prevailing floods are described elsewhere in the Gazette. They add another chapter to the many disasters which have visited different places in the world recently. Seventy-five thousand persons have been deprived of employment, while thousands of families have been driven from their homes by the rising water, and, cold, hungry and homeless, are awaiting a subsidence of the flood. A score or more of people have perished by the overflow. It would seem that horrors follow closer upon horrors than during bygone years, as there is hardly a week in which there is not a wholesale loss of life from the elements or by accidents.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 15.

Acting under Secretary Cortelyou's authorization of yesterday, United States Treasurer Treat is today directing Directors of Customs to deposit their government funds in public depositories. The order is at present confined to cities having no sub-treasury. It is not the desire of the Treasury official at this time to order customs funds out of subtreasuries and into National bank depositories. Secretary Cortelyou, in increasing the circulation to what amounts to over $70,000,000, by his offer to redeem the four per cent bonds of $1907, and his announcement that the addition currency taken out last summer and fall would not be retired until a later date, feels that no further action is necessary. But financial sharps take some comfort in painting to the fact that the Secretary took action late yesterday afternoon, which he felt convinced a few hours earlier he would not take.

President Roosevelt had a half hour's consultation with Interstate Commerce Commissioners Prouty and Harlan presumably with reference to the forthcoming conference with the railroad presidents. Up to 11 o'clock today the President had not received word from any of the four officials of the railroads as to when they expected to call at the White House.

Unusual attention was attracted to the regular semi-weekly meeting of the Cabinet today on account of the financial situation in New York. It was officially admitted after the meeting that the financial situation was discussed at some length. Some significance was attached to the fact that Secretary of the Treasury Courtelyou remained with the President fifteen or twenty minutes after the other members left. During the session, said one of the members, word reached the President that the worst seemed to be over on Wall street. On leaving the White House Secretary Cortelyou stated he had received no appeals today for further relief of the money market.

The resignation of H. H. Rousseau, chief of the bureau of yards and docks, of the navy became effective today and he sailed this afternoon from New York for Colon to take up his new duties as a member of the Panama Canal Commission. As chief of the naval bureau Mr. Rousseau was entitled to the courtesy title of Rear-Admiral together with the pay and emoluments of that rank although his actual rank as Civil Engineer was only that of a lieutenant. Mr. Rousseau as a Canal Commission will draw a salary of $7,500 which is about $1,200 more than his pay as chief of yards and docks.

The President announced today that he had appointed Hon. Seth Low, of New York, and Thomas G. Bush, of Birmingham, Ala., as representative of the general public upon the board established for the promotion of industrial peace.

PITTSBURG FLOODED.

At one o'clock this morning the rivers at Pittsburg had reached the frightful stage of 35.1 feet, and many of the distressed of the city were on the river banks waiting for the coming of dawn.

The United States weather forecaster admits that the waters will go over 36 feet, which will bring the water up into the very heart of Pittsburg, and will undoubtedly put many of the city's best business houses, which have been safe for any part of a century, out of business for the time.

Fifty thousand people were on the river banks shortly after midnight. The thousands who went down town to the theaters which were lucky enough to be able to open were "stuck," for the street cars were out of commission. They were compelled to walt on the streets for the dawn or walk home.

The hotels still outside the waters could not give accommodation for a fly, for they were filled, even to the halls, with distressed persons.

Two immense ice gorges are racing toward the distressed town.

The ice gorge at Parker, seventy miles above Pittsburg, in the Allegheny, broke at 4 o'clock yesterday afternoon and is coming down on the crest of the flood. This gorge is said to be 25 miles long and 30 feet thick. On the other hand, the ice gorge at Clayton broke at a late hour yesterday evening, and at such a time that it will likely reach Pittsburg about the time the Allegheny gorge gets in. Even if one should arrive within six hours of the other the result will be something awful to contemplate, and Greater Pittsburg is now trembling at what the dawn holds.

The flood is the worse since white men arrived in western Pennsylvania. The thirty-five-foot mark is more than a foot higher than the most disastrous flood of 1884, when the rivers reached thirty-three feet three inches. The Greater Pittsburg valley is one vast seething mass of boiling muddy water, and the end is not yet. The waters are still rising. The electric lights were extinguished last night and scores of extra police were sworn in to prevent looting.

Yesterday, it is said, there were seven lives lost in the flood.

Traveling Incognito.

Berlin, March 15.—Archduke Francis Ferdinand, heir presumptive to the Austrian throne, is here on a secret visit to be treated for a disease of the ear. The Archduke is traveling incognito and arrived in disguise. He had a dispute at the station with a cabman, however, during which his identity became known.

Street Car Service Resumed.

Louisville, Ky. March 15.—The entire street car service was resumed today under the terms of the agreement reached by the company and its employes yesterday afternoon. Practically the entire force is back at work, and cars are moving on schedule time.

News of the Day.

Two negroes in jail at Monroe, La., charged with murder and robbery, were quietly lynched early this morning.

Lord Curzon, ex-viceroy of India, was yesterday elected chancellor of Oxford University, defeating Lord Rosebery.

Rev. W. H. Mears, arrested in New York on Wednesday night while "slumming," has been suspended from duty.

An anti-Jewish crusade is raging in Elizbathgrad, Russia. A late report says a mob searching for Jews dynamited a synagogue.

Hoke Smith, governor of Georgia, in a Cincinnati speech, yesterday, declared that $7,000,000,000 of the American railroads' $13,000,000,000 capitalization is "water."

Official denial was given to the report that the President had requested the governors of states in which railroad legislation is pending to come to Washington to confer with him.

In the New York stock market yesterday, there were losses of from $10 to $20 a share in many railroad and industrial securities which have long been known as standard investment stocks.

By a unanimous vote yesterday the 800 striking employes of the Louisville Railway Company decided to accept terms agreed on by their executive committee and the officers of the company.

Secretary of the Treasury Cortelyou has instructed collectors of customs at places where it is thought desirable to deposit their receipts in national banks with a view to relieving the financial situation.

J. Hubley Ashton, formerly Assistant Attorney General of the United States, and for many years a resident of Washington, died yesterday afternoon. Mr. Ashton was professor of law at Georgetown University for years.

The Interstate Commerce Commission yesterday gave a hearing in Washington to the complainant and defendant in the case of the North Carolina Case Workers' Association, against the Southern Railway Company and others. The complainant told the commission that the railroads had fixed the minimum car load weight on furniture shipped from manufacturers at High Point, N. C., and Danville, Va., to Pacific points, at 20,000 pounds. The witness testified that not more than 16,000 pounds could be gotten into the cars.

Maurice Grau, the well-known operatic impressario died yesterday. Mr. Grau's residence, near Paris, was at Croissy, where he had a beautiful home and where he was attended by Prof. Dietulafoy and the latter's nephew, Dr. Dehu. Maurice Grau was the most successful manager of grand opera this country has seen.

The Honduran revolutionists on Wednesday defeated the forces of President Bonilla, of Honduras, near Tegucigalpa, after fifteen hours' fighting. The revolutionists captured seventy officers and soldiers. Many men were killed or wounded on both sides. The commander of the Honduras troops was Minister of War Barahona.

Virginia News.

It is believed that the railroad presidents will unite with President Roosevelt to secure exclusive federal control over railroads.

The board of the Virginia School for the deaf and blind at Staunton has decided to hold an exhibit at the Jamestown Exposition.

Rev. William A. Barr, rector of St. Luke's Church, Norfolk, has accepted a call to become rector of St. Paul's Church, Lynchburg,

Robert Snelling, of Stafford county, died at his home near Halls Chapel Wednesday night, aged sixty-six. He was a Confederate veteran.

Gilbert B. Gibson, a retired lawyer, of Upperville, Loudoun county, a wealthy and prominent citizen, died yesterday from heart disease, aged sixty-five.

Miss Fleta A. Hale, daughter of Mr. and Mrs. William T. Hale, of Paola Stock Farm, Prince William county, was married yesterday at the residence of her parents to Walter A. Cline, of Washington.

The heaviest hailstorm ever known in Norfolk prevailed throughout that section last night. The stones were very large, and the fall continued furiously for several minutes. Widespread damage to the crops in the trucking section is feared.

Dr. Hugh B. Hutchinson, of Herndon, Loudoun county, has sold his farm of 300 acres, near that place, to William Creighton, of Missouri. Joseph R. Shry, of Sterling, has sold his farm of several hundred acres, near Sterling, Loudoun county, to Atherton & McDougal, of Buffalo, N. Y., for $12,000. It will be converted into a stock farm.

It was clearly disclosed in Richmond yesterday that the purpose of the State Library Board in conducting an investigation of its own is to prove conspiracy on the part of employes in the library against Librarian Kennedy. C. V. Meredith, a lawyer member of the board, asked many of the questions that were propounded to employes yesterday, when the board sat in open session. Witnesses were Assistant Librarian Evans and Librarian Kennedy, Archivist Berkeley and Mr. Eckenrode, another employe. The board appears almost equally divided—Messrs. Meredith and Patterson apparently prejudiced in favor of the employes and Judge Theodore Garnett steering a middle course and asking no questions. Assistant Librarian Evans was sweated and cross-questioned. He was more than once interrogated along lines tending to show that he had been ungrateful to his superior and had been unduly officious in calling attention to Kennedy's real or fancied delinquencies.

Railroad Conference.

New York, March 15.—There is a conference being held at one of the uptown hotels of Presidents Newman, of the New York Central; McCrae of the Pennsylvania; Hughitt, of the Northwestern and Mellen of the New Haven, to formulate plans as arranged for by J. Pierpoint Morgan, before his sailing for Europe for these men to meet President Roosevelt, to talk over the railroad situation. They have been in session since ten o'clock this morning and a statement is expected to be issued this afternoon.

The winds of March have no terror to the user of DeWitt's Carbolized Witch Hazel Salve. It quickly heals chapped and cracked skin. Good too, for boils and burns, and undoubtedly the best relief for Piles. Sold here by W. F. Creighton & Co., 401 King street.

Today's Telegraphic News

Ravages by Flood.

Pittsburg, Pa., March 15.—Pittsburg is panic-stricken today. The worst flood in the records of the city has brought death and disaster to the town. Sixteen persons are known to be dead. There is every reason to believe that today's investigation will increase the number to a score at least.

Three hundred thousand persons have been thrown out of work, and from ten to fifteen thousand families have been driven from their homes and property losses, conservatively estimated at $10,000,000, have been sustained in this city alone.

Allegheny and McKeesport are also inundated, and it is believed that the total damage in these three cities will approximate close to $25,000,000. And the worst has not yet come.

The flood is slowly receding only one inch an hour—but is receding. The crest was reached at six o'clock this morning with the highest record of a century. Thirty-six feet six inches, are the official figures as reported by the weather bureau. Ten square acres of the most thickly populated territory in Pittsburg and Allegheny are under water this morning. Thousand are homeless; dozens of splendid stores and great office buildings are partially under water. The city was in darkness last night, except where lighted by private plants.

All local trains are running on badly disarranged schedules.

It is estimated that 175,000 people in all Allegheny county are in enforced idleness and estimates of financial loss including damage to property is placed at $10,000,000. More than a score have paid the flood toll with their lives. This at least, is an estimate in advance of reports of those who are reported as missing.

The death list may be higher when the excitement and the water subsides. It is thought that not less less than ten bodies will be taken from the ruins of inundated buildings at McKeesport, which has been the worst sufferer in the flood.

Reports received from river points this morning indicate that the rivers are receding almost as rapidly as they rose. At points below Pittsburg, the rivers are still rising, and an unofficial report from Wheeling, W. Va., this morning stated that the stage there was 48 feet. Ice from the Parker gorge in the Allegheny has been running into the Ohio since daybreak. No damage has been reported here yet by the ice, although it threatens the bridges with destruction.

The authorities are actively at work in furnishing relief to the destitute.

Disastrous Fire.

Pittsburg, Pa., Mar. 15—A disastrous fire is raging on Mount Washington, and at 9:30 o'clock seven business houses and four dwellings had been destroyed. The fire is spreading rapidly. The losses already exceed $50,000.

Owing to the flood having submerged the pumping plant that supplies the district with water, there is no means of fighting the flames except by chemical engines and buckets. There is little hope of checking the fire.

At 9:40 the fire assumed such threatening proportions that dynamite was used and several houses in the path of the flames were destroyed in efforts to prevent more valuable property becoming prey to the flames. No water is now available from any source, cisterns and wells having also been exhausted.

In addition to the fire on Mount Washington this morning the plant of the American Sheet Steel and Tin Plate Company, in south Fourteenth street, was destroyed by flames which caused a $15,000 loss, and the bolt department of the Oliver Iron & Steel Company, adjoining the tin plate factory, was damaged to the extent of $2,500. The flames resulted from the ignition of a car of lime on a siding which had been flooded by the waters of the swollen Monongahela river.

The fire was under control it having apparently burned itself out shortly after noon. The loss is estimated at from $175,000 to $200,000 and with as strong probability of its reaching the quarter million mark.

Alleged Plot to Kill Deputies.

St. Petersburg, March 15.—Through the falling at 5 o'clock this morning of a large portion of the ceiling of the hall in which the Douma sits, in the Taurida Palace, it is believed a plot to kill many of the deputies was frustrated.

Over 200 seats in the chamber were smashed and had the "accident" happened when the members were in their places many must have been killed or seriously hurt.

Today's sitting of the Douma was suspended owing to the ruin of the chamber. It will be necessary for the deputies to find a new hall and Premier Stolypin and President Golovin conferred about the matter.

Responsibility for the supposed plot is laid to the Black Hundred organization, acting under orders of the anti-semitic leaders, Krushevan and Purishevch. The entire hall was practically wrecked, and it will take two weeks to make repairs. It is probable a theatre or a government building will be selected as a meeting place until the old hall is renovated.

Such a mass of wreckage fell that it is estimated fully 400 deputies would have perished had they been in the hall. This morning the telegraph offices were besieged by deputies wiring their friends that they escaped injury.

If you will try Argo Red Salmon, you will find a Salmon that you can always depend upon. Nothing nicer.

The London Market.

London, March 15.—Another disastrous day in Wall street was apparently forecast by the opening on the stock exchange here this morning when Americans fell as though the bottom had been poked out from beneath the market. On the floor of the exchange there was the wildest excitement and the officials had great difficulty to secure an instant of quiet in which to announce two small failures.

After the first wild break, there was general recovery, however.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early Colds with preventics and stop Pneumonia. Sold in 5c and 25c boxes by E. S. Leadbeater & Sons, druggists.

The Thaw Trial.

New York, March 15.—Despite the expectation that today would be devoted largely to expert testimony which offered few chances of sensational developments, there was the usual large crowd in the court room when the trial was resumed.

Dr. Austin Flint who was on the stand when court adjourned yesterday took the stand when the court convened.

Delmas excused him from cross examination for the present and Dr. William Hirsch, of the Cornell Medical College, in this city, was called that he might answer the hypothetical question as to Thaw's mental condition at the time of the killing of Stanford White.

Dr. Hirsch qualified as an expert, by relating at length his experience as an attending physician at numerous institutions and describing his study of insanity.

Dr. Hirsch stated he had read the defense's exhibit, the Longfellow letters, the will and codicil, and the letter Thaw wrote to Anthony Comstock complaining of Stanford White.

Jerome then called to the witness's attention the hypothetical question on which Thaw's experts declared he was insane, and said:

Now, doctor, was the person described in that question as killing another, at the time of the killing, laboring under such defective reasoning that he did not know the nature and quality of his acts?"

"He certainly was not" answered Dr. Hirsch. "He knew the nature and quality of his acts".

"And did he know his act was wrong?"

"Yes."

Jerome then called Dr. Hirsch's attention to his own fifteen thousand word question which the expert said he was familiar with, and asked:

"Now, was the person described in the question as doing the killing, at the time of killing laboring under such a defect of reasoning that he did not know the nature and quality of his acts?"

"He was not laboring under such a defect of reasoning," slowly answered Dr. Hirsch.

"Did he know that the act was wrong?"

"Yes."

Witness said there was no such thing as "brain storm" known among scientific men.

Dr. Hirsch was subsequently excused, Delmas having no questions to propound.

When the recess was taken Jerome had obtained from six eminent alienists the opinion that Harry K. Thaw knew what he was doing when he killed Stanford White, and knew that the act was wrong. Each of these alienists had based the opinion upon Delmas's hypothetical question as well as upon that of Jerome.

At the opening of the afternoon session Hartridge announced that he withdrew his hypothetical question. Jerome said that it was then up to the defense to show that Evelyn was Hummel's client.

Evelyn was called by Delmas to testify whether she was Hummel's client when she went to his office at the time of the dictation of the famous affidavit.

Delmas spent some time looking up the records of her testimony in regard to the visit Hummel's office. She said: "Yes" when asked if she had testified that she went.

"I did not know Hummel at all, at the time," said Evelyn in reply to a question by Delmas.

"Was that visit with a view of getting Hummel's professional advice in your behalf?" asked Delmas.

Jerome objected.

New York Stock Market.

New York, March 15.—The announcement by the Treasury Department of money relief measures yesterday, utterances of a reassuring nature by prominent banking interests over night, and the general opinion that the heaviest liquidation in the market had spent its force, were reflected in advances ranging from two to 12 points at the opening this morning. Transactions were of a feverish nature and the short interest made a great rush to cover. After ten minutes' trading transactions rose to very heavy volume and prices fluctuated widely with the market developing much irregularity. The market at the end of fifteen minutes continued very nervous.

It is agreed that the present disorder is a rich man's panic, as none of the shoe-string financiers could have stood yesterday's terrific bear movement, which sent stocks tumbling at the rate of a million a minute, and saw a billion dollar cut in valuations result from the day's work. Another point which proved that it is the big fellows who can stand the gaff, who are bearing the brunt of the panic, is the lack of failures. Only one small failure has been reported. Interesting as a side light on the present disorder is the firm attitude of President Roosevelt in refusing to bend his knee or seven crook his finger to the erstwhile haughty railroad presidents. Every effort is being made by the clique of rich men who are believed to be responsible for the present disorder to shoulder the responsibility on President Roosevelt and hold him for the lack of confidence now entertained on railroad securities. The attitude of these men has been to put the President in a bad light and "teach him to take a joke."

Now these factions appear to be reaping the little whirlwind they sowed when they informed the nation that the President's rate bill would work disaster.

As a matter of fact, the railroad interests concede that as it now stands the rate bill is harmless to them, and they are seeking to attribute the present panic to the things which the President "threatens to do to them."

Their attempt to veil the real issue, however, has failed and it is the general impression that Harriman, Morgan, Hill, et als, have no one to thank but themselves for the present state of affairs.

The turn of the tide seems to have set in, in Wall street. After hitting the bottom with a thud, the market rebounded today and this afternoon the opinion is general that for the time being at least the convulsions have ended.

The bears are hanging on, however, and while they have been beaten back to some extent, they have not been routed. The extensive liquidation has not yet been satisfactorily explained and this is done there is little probability of a confidence being restored to any great extent.

At about the same time it was rumored in Washington that James J. Hill was the man who had gobbled the Union Pacific that the boss of the Great Northern was riding the top wave resulting from the turn of the tide. The reports occasioned quite a flurry.

Late this afternoon a report reached the street from Chicago that Morgan had secured control of the Union Pacific and that the Standard Oil interests had turned on Harriman with the idea of crushing him.

Probably the most prominent feature in the market was the announcement that the clearing sheets of all brokers had been passed and that there would be no failures resulting from yesterday's crash. Combining with this was the announcement that the Rothschilds, of London, had pledged themselves to support the market. If became evident that financial interests of the greatest power in the street had finally thrown themselves into the breach with the idea of bolstering the market.

W., A. & F. C. Railway.

The hearing before the Virginia corporation commission in the matter of the complaints of the Washington, Arlington and Falls Church Railway, which was recently concluded at Richmond, brought out the facts concerning the operation and financial condition of the electric road. It was developed by the testimony that the road has a capital stock of $100,000, of which $27,000 was paid in cash, and a bonded indebtedness of $350,000. Sixty per cent of the capital stock, and nearly the entire bond issue are owned by C. S. and C. R. Hinchman, of Philadelphia, who are, respectively, president and treasurer of the company, and receive $150 a month each for nominal duties.

Of the bonded indebtedness $100,000 pays 6 per cent interest, and was acquired by the Hinchmans at 50 cents on the dollar, while the remainder pays 5 per cent, and was acquired by the same owners, with the exception of $13,000 worth, for $187,500. No dividends are paid on the stock, but the interest on the bonds is regularly paid out of the earnings, and the surplus, which last year amounted to $1,800, has been devoted to betterments. The annual gross earnings last year were $107,000 and the operating expenses $88 000.

The commuters, through their counsel, have asked the corporation commission to reduce fares by the establishment of a zone system in which 5 cents shall be the rate within each zone, and to require that the line shall be equipped with modern suburban cars.

It was shown at the various hearings that the rates of fare are not uniform, and complaint was made that they are excessive. In behalf of the company it was contended that with lower fares the road would lose money, a contention which the commuters regard as inconsistent with the foregoing account of the financial condition of the company. It was pointed out by counsel for commuters that although no dividends were paid on stock, the revenue from the bonds gave the owners of the road an ample return for their cash investment.

The Corporation Commission has taken the case under advisement.

The Thaw Trial.

Justice Fitzgerald ruled against District Attorney Jerome yesterday in the controversy over the affidavit made before Abe Hummel and the document was not admitted in evidence.

The District Attorney was still endeavoring to put the contents of the famous paper before the jury, when Delmas blocked the way by interposing the privilege of Evelyn as Hummel's client. Jerome denied that she was Hummel's client.

Delmas offered to put Evelyn on the stand to prove that she was a client of Hummel's. Jerome was not willing that this should be done.

The situation was compromised by Jerome putting on his experts.

The District Attorney's hypothetical question contains 15,000 words and required 1 hour and 18 minutes in the reading. It emphasizes Thaw's insanity.

The jury will have to decide whether Evelyn Thaw, a woman with a past, or Abe Hummel, a disbarred attorney, is telling the truth.

Dr. Flint was called as an expert in the Thaw case and declared that he believed the defendant was sane when he shot White.

Baer Closes 32 Mines.

A dispatch from Philadelphia says that all of the Reading's thirty-two collieries will be closed down during next week by order of President Baer. Under the sliding scale arrangements the miners get topnotch wages for coal mined this month and next. Then, too, coal in April will be 50 cents a ton off list prices for prepared sizes. Thus, the mining of coal now to be sold next month would mean a difference of about $1 a ton against the company. Mr. Baer's company has no desire to pile up coal under these circumstances. Its collieries produce about 25,000 tons of anthracite a week, and there is slow demand for it at this season of the year. The Lehigh Valley announced its 50-cent April discount yesterday, and the Reading will undoubtedly follow suit.

BOARD OF ALDERMEN.

At an adjourned meeting of the Aldermen of the city of Alexandria, March 14, 1907, there were present Messrs. Hill, Marbury, Sinclair and W. H. Sweeny.

In the absence of the Mayor Vice President presided.

Mr. Jacob Brill, elected March 12, 1907, to succeed the late Burke as a member of the Council First ward, appeared and was sworn in by Vice President Curtis.

An ordinance to grant to the Washington, Alexandria & Mt. Vernon Railway Company, its successors and assigns, the right or franchise to lay and maintain a single track railway on Cameron street from the east side of Payne street west to the corporate limits, with suitable curves, switches and connections to connect with the tracks now laid and operated by the Washington, Alexandria & Mt. Vernon Railway Company on both Cameron and Payne streets; also to lay and maintain a single track or curve with suitable switches and connections from the tracks of said company located at the west end of King street so as to connect the tracks of said company at the west end of King street at or near the corporation line with the track of the said company to be laid over its property situated on the north side of King street, and to connect with the proposed track to be laid from the east side of Payne street west on Cameron street to the corporate limit, and to erect, construct and maintain the necessary poles, fixtures and wires on, over, under and along the said streets, and to run and operate over and upon the tracks to be so laid cars operated and propelled by electricity or other motive power than steam (received from the Common Council March 12, 1907), was read three time and passed by a unanimous vote.

The board then adjourned.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

GRAFT IN ENGLAND.

Perhaps Not So Great In Extent as Here, but Yet Well Started.

The Operation of Public Utilities by Public Officials Has Placed Them Under Such Temptations as They Have Never Before Known—Why They Are Not Exposed.

There is nothing about the visiting American in England more amusing to the native than the American's conviction that there is no graft in English municipal politics.

Frederick C. Howe, the magazinist who writes so much in praise of municipal ownership, the British form of socialism, admits that there is graft in England, but says it is all practiced by the lords and millionaires. No graft, he declares, has crept in through the municipal ownership and operation of public utilities.

"Graft in England may not be of such magnitude as in the United States," said an Englishman who is well known in public life, but is neither a lord nor a millionaire, "but it exists here as certainly as it does in America. It is carried on along similar lines, and, fostered by the opportunities which the rising tide of municipal trading affords, it is rapidly growing in magnitude. It is owing to our overstrict libel laws and to the fact that immunity may not be granted under English law to one who confesses to accepting a bribe that the corruption now so well known to exist in our municipal governments has not been effectively exposed long ago.

"The newspapers know all about it, and they know who are the grafters, but they do not dare to expose the situation, and until the proper statutes are enacted it will be almost impossible to punish grafters through the courts.

"Not so very long ago a certain speech was reported in one of the London newspapers. The speechmaker was indignant, for neither the subject matter of the speech nor the circumstances under which it was delivered were creditable to him, and he brought a suit for damages on the ground that the libel laws had been violated. It was not claimed that the speech was incorrectly reported; indeed, it was admitted that the report was substantially without error, yet nevertheless heavy damages were awarded to the plaintiff on the grounds that the plaintiff's reputation had been injured and that the publisher could not show that the publication of the report was of benefit to the public.

"A little longer ago it was suspected that members of the council of London borough of Poplar had been accepting bribes from contractors who were furnishing materials and supplies. Detectives were put upon the case, and the facts were run down. Certain of the contractors and councilmen, confronted with these facts, confessed and promised to go upon the stand in court and testify to the truth. In due time one of the guilty men took the stand as promised and told the story as agreed.

"He was immediately arrested as a criminal under the law as its stands and slated for an early trial. This chilled the enthusiasm of the others who had promised to confess, and they changed their minds promptly and irrevocably. As the prosecution was thus left without witnesses, the investigation was brought to an abrupt close.

"Now, the installation and operation of tramways, electric light works, gas works, etc., involves the letting of many large contracts by men who hold places in the municipal councils, not because they are fitted by training and experience to let such contracts, but because they have succeeded through petty politics in getting elected. They receive no pay for their services and in many cases are men without financial resources of any consequence.

"There are contractors in England as well as in America who are not above getting contracts through bribery, and there are council members of the grade I have mentioned who are no more able to resist the temptation to be bribed in England than they would be in America. If it would not sound unpatriotic, I might go so far as to say that since municipal trading has so increased the magnitude of municipal contracts Englishmen in many cities have been known to seek election to the councils in order to have the chance to be bribed.

"We could today make exposures of graft in London and more than one other English city that would startle American readers even, accustomed as they are to reading graft stories, if we could only give immunity to whoever might be either scared or reasoned into confessing the truth. In other words, municipal ownership and operation of public utilities in England are rapidly honeycombing all our municipal governments with graft.

"The law makes an exception with regard to election bribery charges, and immunity may lawfully be promised to those whose testimony is needed to convict the guilty. This has enabled us to unearth many election irregularities, as the readers of English newspapers know very well, and eventually we are going to be able to unearth the facts with regard to bribery and jobbery in English municipal administration. We are well aware, however, that it will probably be quite as difficult to job as it was thirty odd years ago in America to unearth the frauds perpetrated by New York's notorious Tweed ring."

Nothing has yet been discovered that thoroughly takes the place of the stimulus of profit in carrying on any business establishment.—Exchange.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1. Trial bottle free.

A Trade Union Inconsistency.

One of the anomalies of trades unionism is the demand for "closed shops" and the advocacy of municipal ownership when it is inevitable that every industry transferred from private to public ownership will become an "open shop." In public employment all conditions and wages of labor must be determined by laws and ordinances. No law excluding nonunion men from public employment can stand the test of its constitutionality.—Public Policy.

Use Anesthetics In Both Cases.

Gunner—In surgery they can restore a person's skin by grafting.

Guyer—What a big difference between surgery and politics!

Gunner—What is the difference?

Guyer—Why, in politics they skin people by grafting.—Chicago Daily News.

Unwise Under Present Conditions.

Until we remove the political influence that tends toward corruption and extravagance I believe that municipal ownership would be unwise.—Professor Sedgwick.

Incapability of City Government.

I am opposed to municipal ownership because our city governments have not shown as yet any capacity for properly conducting their business.—Major Henry L. Higginson.

Her Sponge Cake.

A young bride, after serving to her husband a Sunday dinner that was so-so, said as the mince pie was brought on, "I intended, dear, to have some sponge cake, too, but it has been a total failure." "How was that?" the husband asked in a disappointed tone, for he was fond of sponge cake. "The druggist," she explained, "sent me the wrong kind of sponges."

Plenty of Advice.

"I wonder what the secret of Solomon's wisdom was?" said Mr. Meekton's wife.

"Good advice," replied Leonidas promptly. "He had any number of wives."—Washington Star.

Had Her Doubts.

Mamma—You should be polite, dear, and offer to share your candy with papa. Little Margie—I would, mamma, if I was sure he'd be polite and refuse it.—Chicago News.

Facetious.

Customer—Have you anything that is good for falling hair? Facetious Clerk—How would a wastebasket do?

Be sure you can obey good laws before you alter bad ones.—Ruskin.

Nothing so nice for a luncheon or picnic, as Argo Red Salmon sandwitches or salad. 15 cents a can.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective, that stills and quiets the cough and drives out the cold. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.

Piles of people have Piles. Why suffer from piles when you can use DeWitt's Carbolised Witch Hazel Salve and get relief. Nothing else so good. Beware of imitations. See that the name is stamped on each box. Sold by W. F. Creighton & Co., 401 King street.

The Judgeship.

An Alexandria dispatch to the Richmond Journal says: "In the last two gubernatorial elections Barley was for Swanson, Johnson for Montague and Willard, respectively, in the two campaigns.

"In the United States primary Barley was for Martin, Johnson for Montague.

"If the reports coming from Alexandria be true—and there apparently is no reason to question them—the members of the bar in the Sixteenth Judicial Circuit are much disgruntled at Governor Swanson's action in designating Judge Louis C. Barley, of the Alexandria Corporation Court, to fill the vacancy caused by the resignation of Circuit Judge Charles E. Nicol, who withdrew from the bench in order to enter the Eighth District contest for Congress.

"The lawyers in the circuit mentioned are almost a unit for Attorney John M. Johnson, and they were anxious for the honor to come to him. Of this fact they say they notified the Executive even before he made the selection he did, but their wishes, for some reason, were not considered.

"Despite the action of Gov. Swanson, which, it would seem, closes the matter, the members of the Alexandria bar met yesterday morning and again endorsed Mr. Johnson for the position. It is also stated that a petition having as many as 700 signatures of representative citizens, also urges his elevation to the bench. With the exception of Fairfax county, which favors Judge Love, it is understood that the lawyers throughout the entire circuit endorse Mr. Johnson.

"In view of all these facts, the situation, to say the least, is interesting, and developments are eagerl

Teachers' Institute.

A Teachers' Institute was held at Odd Fellows' Hall today beginning at 9:30 o'clock this morning. The institute was attended by the teachers of this city and county and by a number of those from Fairfax.

Superintendent Kemper, of this city; Superintendent Hill, of Fairfax; Superintendent Clements, of the county, and three of the members of the State Board of Examiners were present and took part in the proceedings.

The following was the programme for exercises:

9:30 a. m. Opening exercises, conducted by Rev. Everard Meade, rector of old Pohick Church.

9:40 a. m. Calling roll, teachers responding by quotations from Longfellow.

10:00 a. m. Literature in the Public School, School Examiner Harris Hart. Discussion led by Principal Mrs. E. J. Haight, of Fairfax county.

10:40 a. m. Morals and Manners in the Public Schools, Miss Milstead, of Fairfax county. Discussion led by Miss Detwiler, of Fairfax county.

11:10 a. m. What I have observed in the Schools of the Fifth School Circuit, Examiner Charles G. Maphis.

11:50 a. m. Drawing in the Public Schools, Examiner J. S. Thomas. Discussion led by Miss Bashford, of Alexandria county.

12:20 p. m., luncheon furnished by the county teachers and served by the Ladies' Auxiliary to Lee Camp.

1:20 p. m. School Invironment; How it May be Improved, Miss Grigg, of Alexandria. Discussion led by Miss Fulton, of Fairfax county.

1:50 p. m. The Essential Qualifications of a Successful Teacher, School Examiner E. H. Russell. Discussion led by Supt. L. M. Shumate, of Loudoun county.

2:20 p. m. Music and Physical Culture as Aids in Education, Principal J. R. Crandal.

2:40 p. m. Our Educational Exhibit at the Jamestown Exposition, School Examiner Joseph H. Saunders.

3:00 p. m. Round Table, conducted by school officials present.

4:00 p. m. Closing song, "In the Sweet By and By," by the institute.

Owing to the limited time the discussions were brief. The papers read and addresses made were very interesting and instructive.

9:20 p. m. A High School in Easy Reach of Every Child, Dr. Bruce R. Payne.

9:50 p. m. Parting words, School Examiner Charles G. Maphis.

At the meeting the music will be in charge of Mr. Sherman Bruce Fowler. There will be a solo by Mrs. Woolls, a duet by Mrs. Woolls and Miss Harding, of Washington, a baritone solo by Dr. Outcalt and one by Mr. Maddox, tenor soloist of St. Paul's Church, of this city.

Board of Aldermen.

An adjourned meeting of the Board of Aldermen was held last night, for the purpose of adopting the ordinance granting the Washington, Alexandria and Mount Vernon Railway Company permission to extend their Cameron street track westward from Payne street to the eastern boundary of Mr. B. F. Baggett's property, and thence south to King street.

Messrs. Hill, Marbury, Simpson, Curtin and W. H. Sweeney were present.

Mr. Jacob Brill, who had been elected last Tuesday night to succeed the late N. P. T. Burke as Alderman from the First ward, appeared and was sworn in by Vice President Curtin.

The ordinance was subsequently read three times and passed by a unanimous vote.

The Common Council passed the ordinance last Tuesday night, and the measure needs only the signature of the Mayor to become law.

In return for the privilege accorded by the ordinance the company pledges itself to pay to the City Council $50 annually; to grade Cameron street whenever the city determines to extend that street westward from West street; to construct spur tracks so as to give closer connection with the union passenger station, and to inaugurate and maintain a regular street car service between the ferry wharf, at the foot of King street, and the union passenger station. It is also stipulated that the work of laying the

Floods in the Potomac.

A dispatch from Hagerstown, Md., says that at 3 o'clock last night the Potomac river at Williamsport was twenty feet above normal and was still rising at the rate of seven inches an hour, with every indication that the rise would continue until today. Great damage has already been done by the flood. The river is now over the Four Mile and Hancock levels, and it is believed that a portion of the Chesapeake and Ohio canal is badly washed. The six-mile level below Williamsport is also under water. The river is the highest since February, 1902.

The river at this place has caused on trouble yet, although there was a strong current in the channel today.

Class Initiation, Jr. O. U. A.

A joint meeting of Alexandria and Belle Haven Councils, Jr. O. U. A., was held last night in Alexandria Council Hall when a class of about 50 candidates was initiated, the degree work being executed in a most excellent style.

State Councilor James W. Jones was present and delivered a stirring address on the principles and objects of the order. He was followed by Messrs. John H. Trimyer and Wm. Pierpoint.

Another class is being formed, and it is is expected that within the next few weeks a larger class will be initiated. This branch of the order in this city has taken on new life and the boom just started is calculated to grow to immense proportions in the near future.

Personal.

At the meeting last night of Alexandria-Washington Lodge of Masons, Mr. L. Ruben was presented with a beautiful gold Past Master's jewel. The presentation speech was made by Mr. Wm. B. Davis and Mr. Ruben responded fitting terms.

Mr. and Mrs. Wm. F. Robertson, of Wilmington, N. C., are visiting Mr. H. F. Robertson on south Washington street.

Mr. Lee Rixler and Miss Sarah McKay, both of Warrenton, were married there yesterday at the residence of F. E. Stepp. Mr. and Mrs. Rixler left on the evening train for New Orleans, where they will make their home.

...communication from Captain Spencer Crosby, of the U. S. Engineer Corps, in regard to the channel of the Potomac river from Washington to a point south of this city and for the removal of the bar opposite this city. It will be remembered that an item in the river and harbor bill provides for a survey of this channel which is to be 400 feet wide. Mr. J. T. Preston, secretary of the Chamber of Commerce, went to Washington today for the purpose of laying all information regarding the channel before the government authorities.

Mrs. Barrett's Lecture.

Mrs. Kate Waller Barrett last night delivered a lecture before a large audience at the M. E. Church South. Her lecture was "Pleasures and Dangers of Expositions." The methods adopted by the Woman's Christian Temperance Union for the protection of female visitors to the Jamestown Exposition were interestingly explained. Mrs. Barrett gave most entertaining accounts of the several world's expositions she has attended and gave much valuable information about Jamestown and the exposition to be held this spring and summer. Mrs. Barrett is a most charming speaker and delighted her large audience. She is the chairman of the woman's work at the Jamestown Exposition. A collection amounting to about $25 was taken up in aid of that work.

Sent on to the Grand Jury.

George B. Cluous, the soldier, who was arrested in Washington Wednesday on the charge of stealing two horses and a carriage from Mr. P. T. Harrington, of this city, and who was yesterday brought here by Officer Young, was arraigned in the Police Court this morning. The facts in the case proved to be substantially as given in the Gazette yesterday, and the accused was sent on to the grand jury. Cluous on Wednesday hired the horses and carriage and started toward Washington. He stopped at St Elmo, where he left one of the horses with the carriage and mounting the other animal rode to Washington where he was endeavoring to sell the horse when arrested.

Portrait of Dr. Blackford.

The portrait of L. M. Blackford, M. A., '60, LL. D., principal of the Episcopal High School, Alexandria, will be presented to the University of Virginia, in Madison Hall, Friday evening, March 15. The presentation address will be delivered by Hon. Robert Walton Moore, on behalf of the alumni of the Episcopal High School who attended the University. President E. A. Alderman will receive the portrait, and short speeches will also be made by several alumni of the Episcopal High School. The faculty, students and public are invited.

Launcelot M. Blackford, M. A., '60, LL. D., was born in 1837 in Fredericksburg, Va. He entered the University in 1855. During the civil war he was lieutenant and adjutant in the Confederate States army. In 1865 he became principal of the Norwood School, of Nelson county, and in 1870 became the principal of the Episcopal High School near Alexandria.—[Charlottesville Progress.
